

North Metro Traffic School Is Increasing Its Number of DUI Classes and Hiring More Instructors to Meet Demand!

North Metro Traffic School, due to an increase in demand for DUI Risk Reduction Classes, has decided to offer additional DUI Classes this Fall and has employed more trained instructors to meet that demand.

Norcross, GA - August 2013 - North Metro Traffic School is an innovative provider of Georgia approved classroom-based DUI Classes. However, it is not a typical DUI School. Its new facility is one of the largest in the State of Georgia and located in a professional office park setting with all DUI courses being taught in "state-of-the-art" classrooms that are comfortable, spacious and very nice. In addition, every student has access to more free amenities than any of its competitors.

"We want our students to relax, learn, enjoy and get the most out of their experience here and nothing can do that better than having a great instructor and a nice facility," says Jon Updyke (President). He adds, "The school is getting more and more requests for our DUI Risk Reduction Program and the classes were filling up. We have decided that now is the time to meet that demand by expanding the number of class choices to give our students more options and flexibility."

With over 2,500 square feet of space, the driving school remains the largest facility in the metro Atlanta area. Started in 2008, North Metro Traffic School now has more than 20 professional employees, counselors and instructors working 7 days a week.

North Metro Traffic School gets many compliments from its students. Below are just a few of them:

"The instructor was fantastic. He was humble, down to Earth, entertaining, informative, friendly and nonjudgmental. He made what I thought would be a difficult, degrading experience a very positive one. I would be honored to call him my friend," says a recent student.

"Our instructor is a gifted teacher who connects with people from all walks of life. Any organization would be fortunate to have him. And I and I'm sure the rest of this class wishes him great success," adds another student.

"I had taken a DUI class 5 years ago at another company but that instructor wasn't nearly as knowledgeable as the one here. Great facility and professional staff and I learned a lot that will help me in the future," said another.

"This class is great and for me being a soldier, it was very nice to feel so welcomed. Thank you," says a US Soldier who recently completed the course.

Facts about the Georgia DUI Risk Reduction Program:

This class is an educational program mandated by Georgia law for people convicted of Driving Under the Influence (DUI), possession of illegal drugs, underage possession of alcohol (MIP), underage possession of alcohol while operating a motor vehicle, reckless driving, Boating Under the Influence (BUI) and various other offenses. The course curriculum is provided by Prevention Research Institute and is currently used in more than 15 States.

North Metro Traffic School will now offer and hold more DUI school classes in one facility than any other traffic school in Georgia. One class will be held during the week and one class every weekend and can be completed in 2 ½ days. The course is composed of two components, the pre-class Assessment and the 20-hour classroom program. The total fee for both components is \$292 which is set by Georgia law.
